Attendance								X			

Instructor's Comments:

Mr. Martinez has made good progress this month. He has shown outstanding motivation and enthusiasm, and should continue to progress with additional study. He should continue paying careful attention to pronunciation, particularly the sounds [b] and [v]. In addition, his progress would accelerate with more regular attendance. Overall, however, Mr. Martinez has made great improvements this month.

Note: If you require any additional details, including the student's complete attendance record for the month, please contact the center director. Thank you.
