Notes

- In accordance with the guidelines set forth by **inlingua International**, the inlingua TL2 English programs have adopted the sequence of levels described above. inlingua TL2 English programs consist of 6 courses (including the Advanced TOEFL iBT course for students who have completed level 5) to meet the needs of students at all proficiency levels (from absolute beginners to advanced learners).
- All students must complete the inlingua *Progress Test* at the halfway point of each course in order to demonstrate satisfactory progress. All students must complete and pass the inlingua *Achievement Test* at the end of each course in order to advance to the next level. Students who fail to attain a passing grade on the *Achievement Test* must repeat the course before advancing to the next level.
- **inlingua International** recommends that inlingua centers follow the level and proficiency guidelines established by the United States government (i.e., the ILR 5 level proficiency measurement framework) to guide learners from a beginning to advanced level of proficiency in spoken English. More information about the ILR language proficiency and assessment scheme can be found at <http://www.govtilr.org>.
