

Language learner's benefits

Tailor-made learning, gap-fill

Individual learning paths for tailor-made language training can be produced easily with the tool. As a consequence iOL is an excellent tool to help the language learner fill gaps, and thus allows them to reach a certain level more efficiently.

Learn at any time, anywhere

Are you traveling frequently and find it hard to learn a language since you sometimes miss classes? Not a problem any more! inlingua Online Learning is available 24 hours a day, 365 days a year from anywhere in the world from any computer which is connected to the internet.

Extra motivation

The attractive tool contains an extensive range of varied exercises. Moreover, the excellent communication system allows easy communication with trainers and fellow language learners, and offers lots of fun to the user.

Usability and support

iOL is easy to use and clearly arranged. Should any problems still manage to occur, you will find online tutorials, online contact forms and a Frequently Asked Questions section which offer immediate support.

Company's benefits

Excellent tracking system

The excellent integrated tracking system saves personal information, activities and exercises completed, words consulted in the dictionary, personal learning paths and results. inlingua centers can send periodical reports to companies and/or individual language learners to pinpoint progress and activities done.

Up-to-date technology

iOL allows faster reaction to new trends. The tool is constantly developed, and new content is added permanently. With iOL companies offer their employees language learning at its best with efficient state-of-the-art technology and up-to-date exercises.

Better results

It is clear that such an exciting tool is fun to use. As a consequence, language learners will be more motivated to learn a foreign language and will enhance their language skills much faster to the benefit of their employers.

Contact

The opportunities iOL offers are multi-faceted. Please contact your local inlingua center to find out how iOL can make your language training more efficient.

iOL

inlingua Online Learning

Learning languages at inlingua becomes even more professional, efficient and fun – thanks to iOL.

What is iOL?

iOL stands for inlingua Online Learning

It is a blended learning tool which merges the benefits of both classroom and internet learning.

The tool consists of a collection of interactive multimedia activities which complement your English, French, Italian, Spanish and German language learning studies at inlingua.

Content

General content

iOL includes an extensive range of varied exercises and reference material and is designed to help with the acquisition of vocabulary, the development of speaking and listening skills, increasing grammatical understanding, and exercising the functional language.

Accordingly, the most important general sections of iOL are:

- Workbook: numerous exercises adjusted to the inlingua levels
- Communications: message system to communicate with trainers and language learners, includes the special feature of online correction of writing tasks
- Grammar Book*: references and exercises conveniently sorted by topic and inlingua levels
- Speak & Listen*: situational language, narratives, phrase book and recordings
- Vocabulary*: numerous vocabulary exercises
- Dictionaries*: all consulted vocabulary in the dictionary is saved and allows automatic generation of personalized vocabulary exercises at any time

Predefined Learning Paths

In addition to this substantial collection of online material, inlingua has developed even more online content to allow its customers to learn a language as efficiently as possible. The so-called learning paths

are sets of predefined exercises and activities which were developed by professional inlingua linguists. They contain extra exercises for all units of the main levels of both the Business English and General English series of inlingua materials and also the modules.

Tailor-made exercises

iOL allows inlingua trainers to conveniently produce individual learning paths and exercises of all kinds at their fingertips, and thus opens an infinite field of opportunities to offer customers tailor-made courses and exercises, e.g. by using specific vocabulary of customers business environment.

Types of exercises

Types of exercises of iOL are varied to keep online learning interesting. They include:

- Multiple-choice questions
- Word-definition questions
- Gapped questions
- Sentence conversion
- Phrase order questions
- Phrase linking questions
- Gapped text
- Gapped drag text
- Multiple-choice text
- Multi target drag and drop
- etc.
