Higher Score Guarantee

Because **inlingua** believes so strongly in our test preparation programs, methods, and expert instructors, we promise to not let you fail. The **inlingua Higher Score Guarantee** is our commitment to you that, after completing your **inlingua** Test Preparation course, your test score **will improve**. If it does not, then you can continue to prepare for your test with our experts--for free.

We promise to do our part to get you ready for Test Day. However, in order to qualify for the **Higher Score Guarantee**, you must also do your part. In order to qualify for the Guarantee, you must meet the following three requirements:

1. You must take the recommended **Initial Diagnostic Test** in your **inlingua** Center before beginning your course, or within one week of your first class. Your **Initial Diagnostic Test** score will provide the "baseline score" that we will use to compare to your score on Test Day.
2. Because improvements to your testing skills come through applying the strategies and methods learned in class, and from extensive practice testing and error analysis, you must **attend all scheduled classes** and **complete all assigned coursework**, including **homework** and **practice tests**. Any "no shows" or "late cancellations" will void the **inlingua Higher Score Guarantee**.
3. You must take the recommended **Diagnostic Posttest** in your **inlingua** Center at the end of your course. If your score has not improved substantially, your **inlingua** Test Preparation instructor may recommend that you extend your course in order to improve your testing skills before taking the test.

If, after completing your **inlingua** Test Preparation course and meeting these requirements, your actual, official test score is not higher than the score on your **Initial Diagnostic Test**, then you can continue preparing for your test with us, **for free**, subject to the following limitations:

1. You must bring a copy of your official score report to your local **inlingua** Center indicating that your score on Test Day did not improve over your **Initial Diagnostic Test** score. The score report must indicate that you took the test within one (1) month of the end of your **inlingua** Test Preparation course.
2. You may continue your course at the previously-scheduled center and time for up to **25 additional units** (or the length of your original course, whichever is shorter) at **no cost to you**. You must also continue to attend all scheduled classes and complete all assigned coursework. Failure to attend any scheduled classes or to complete assigned coursework or practice testing will automatically void the guarantee and will result in the termination of your free, extended course.
3. You must register to retake the test and provide your **inlingua** Center with a copy of your official registration confirmation form prior to beginning your free, extended course.
